

Learn anywhere with Apple

Friends of N4L

We asked our friends at Apple to provide some of their top tips and tricks to support learning with their eLearning tools. Here's their take, in their words - including where you can go for help.

Top 3 tips for teaching with Apple

- 1 Get stuck into some creative tools for learning available on [Apple Teacher](#) and [The Everyone Can Create Books](#).
- 2 [Keynote](#) is an incredible app for presentations, animations and more. With its powerful tools and dazzling effects, Keynote makes it easy to create stunning and memorable presentations. You can even use Apple Pencil on your iPad to create diagrams or illustrations that bring your slides to life. And with real-time collaboration, your team can work together, whether they're on Mac, iPad or iPhone, or using a PC.
- 3 Check out some incredible teaching resources for Teaching with Apple [here](#).

Top 3 support resources:

- 1 Educators across New Zealand (and Australia) can now participate in virtual conferences presented by the Apple Education Leadership and Learning team. View and register for any or all of four virtual conferences at apple.co/2VUnzGR.
- 2 Virtual one-on-one coaching sessions with Apple Professional Learning Specialists are available to help educators with all teaching and learning technology questions big or small. There are still sessions available this week for your free 30-minute one-on-one coaching session, visit apple.co/virtualcoaching for more details.
- 3 To support your transition to an online learning environment, we created the [Apple Education Learning Series](#). Presented by the Apple Education Leadership and Learning teams, each video is designed to help educators use the built-in features of their Apple products to enable remote learning for all students.
